## IN 2024, PAD PARIS RETURNS FOR ITS 26TH EDITION IN THE TUILERIES GARDENS !

Since its creation, PAD has opened eyes to design and aroused great interest among international collectors and design enthusiasts. PAD Paris reflects the evolution of a growing worldwide interest in historical and contemporary design.

For each edition, PAD Paris unveils an initiatory journey around Beauty and plays on a creative dialogue between the works exhibited, the galleries and the personalities who refer to them. Once again this year, the PAD Paris will be welcoming new galleries from all over the world.

For this 26th edition, the PAD Paris jury, composed of architects, interior designers and fashion and media personalities, will include new members such as Constance Guisset, Rabih Kayrouz and Hugo Toro.

Over the years, PAD Paris has become the leading international fair dedicated to design.
