ART'S FINEST HIT THE LAUNCH PAD

The great and the good gathered at London's Berkeley Square to attend a VIP collectors' preview of PAD London, the annual fair that brings together 20th-century art, photography, design and decorative arts. More than 3,000 guests, including many of the world's most influential dealers, pressed into the pop-up pavilion in Mayfair and brushed shoulders with notable names such as Elizabeth Hurley, artist Rolf Sachs and designer Tom Dixon.
